

DQ-SGA-06.07 QUALITY POLICY

Issued by RGQA Approved by DG Date of issue 08-02-2023 Revision date 10-02-2025

## **Quality Policy**

SCS management recognises the growing demands of the market in terms of quality, performance, reliability, safety, timeliness, flexibility and cost containment. We operate in a complex and dynamic environment, requiring effective leadership to manage risks and opportunities related to markets and socio-economic conditions.

## **Guidelines and Objectives**

- Adopt and maintain a Quality Management System that complies with regulations and legal requirements.
- Clearly assign responsibilities to all corporate functions.
- Ensuring the availability of resources and training for process control.
- Motivate staff to increase awareness of their role and promote safe and responsible behaviour.
- Disseminating documented information to ensure efficiency and product control.
- Improving customer satisfaction through products and services aligned to expectations.
- Define improvement objectives and monitor their results.
- Identify and respond promptly to causes of non-compliance.
- Verify the effectiveness of the Quality Management System through regular inspections.
- Involve suppliers in the achievement of company objectives and select them according to their impact on quality.

## **Continuous Collaboration**

We call for the active and continuous cooperation of all stakeholders to successfully implement the directives and objectives expressed in this policy.

## Communication

This policy is available to all interested parties, both internal and external, to ensure transparency and openness in our operations.
